Friday, May 27th

Mini-Workshop DYSCO:

Cell migration: From Crawling to Blebbing to Swimming

Program:

9h30	Franziska Lautenschläger <i>The cytoskeleton in amoeboid migration</i>
10h20	Alexander Farutin <i>Amoeboid swimming</i>
10h40	coffee break
11h10	Olivier Théodoly <i>Leucocyte migration mechanisms during immune response</i>
12h00	lunch break
14h00	Lev Truskinovsky <i>Cell locomotion in one dimension</i>
14h50	Jocelyn Etienne <i>Prediction of traction forces during cell crawling</i>
15h30	Closure
